

# ***TRUST YOUR WATER TREATMENT FUTURE TO: FERGUSSON WATER***

***Fergusson Water***, the water management group of Alex C. Fergusson, Inc. is celebrating 150 years in business this year, 2005. We excel at customer satisfaction by utilizing our tools that lay the foundation of our programs and the expected results. Execution at the plant level is what drives improvements from a quality and cost standpoint.

Our approach is quite simple, we understand that our customers want relationships with suppliers who can help maximize production capabilities, optimize operational costs, and protect equipment and product quality while minimizing risks from environmental liability
